NorthPrint International is a heat-set commercial web printing company that is growing in both product diversity and size. NorthPrint's customers are comprised of moderate to large national companies with regional and national markets.

With 75,000 square feet of production/warehouse space, NPI can accommodate customers needs needs effectively.

NorthPrint is most competitive on full color work. Among printers we tend to be positioned for runs ranging from 20,000 to 1,000,000 for catalogs, digests and magazines...1,000,000 to 75,000,000 or more trayliners, direct mail inserts, bags or similar products. Mailing and fulfillment shipping are strong features of our bindery services.

NorthPrint is experienced in running a wide variety of paper stocks from lightweight publication grade groundwood enamels to high quality heavy weight free sheet enamels.

NorthPrint's workforce is experienced and dedicated. Our strong work ethic and positive values are a reflection of the Grand Rapids community in which we live. We take pride in the quality of the products we produce and are responsive, flexible and caring about what we do.

Keeping commitments is a key ingredient in the success of any printer, and we value our reputation for delivering a quality product "on spec and on time". We've found the best way to keep presses and bindery busy and our reputation growing is to respond promptly and professionally to the needs of our customers.
